Joham Prepetit

Cyber Security Specialist

Joham.Prepetit@gmail.com | Linkedin.com/in/JPrep

New York, NY | 516-384-2119

Driven cybersecurity graduate with practical experience in vulnerability management, incident response, and securing systems. Valued for attention to detail, follow-through, and a willingness to dive deep into problem-solving. Looking to bring a thoughtful, hands-on approach to a team focused on learning, impact, and securing digital environments.

Education

SUNY Canton (NSA CAE-CD Designated)   Dec 2025

Bachelor of Science – **Cybersecurity,** GPA: 4.0

Relevant Coursework: Information Security, Ethical Hacking & Penetration Testing, Incident Response and Disaster Recovery, Digital Forensics, Defense and Countermeasures, Data Communications and Network Technology

Nassau Community College   Present

Associate of Science - Liberal Arts and Sciences

Work Experience

National Video Investment Associate   June 2023 - Present

Publicis Collective (Pfizer) | New York

- Leveraged advanced data analysis techniques to generate comprehensive reports, resulting in a substantial increase in actionable insights for key stakeholders, ultimately informing strategic decisions and driving campaign optimization.
- Orchestrated seamless integration of digital and traditional media strategies in collaboration with planning and buying teams, leading to a 15% enhancement in overall campaign effectiveness over a 4-month period.
- Negotiated and executed digital media buying programs, resulting in a 10% reduction in costs while aligning with client objectives and budgetary constraints.
- Maintained high client satisfaction levels, evidenced by an NPS score increase of 15 points, achieved through prompt inquiry responses and proactive support, fostering stronger client relationships and loyalty.

Sales Consultant   Jan 2016 - Aug 2023
AT&T | Queens, NY

- Provided technical support by troubleshooting various devices, including Microsoft Windows and Mac computers and network systems, delivering effective solutions to enhance customer satisfaction.
- Created and updated training materials and device troubleshooting guides, supporting colleagues in effectively addressing technical issues. Utilized these guides to effectively and efficiently train new hires on equipment and troubleshooting protocol.
- Assisted an average of 30 customers daily in finding or selecting products, providing recommendations that generated an average surplus of $1000/day. Consistently exceeded monthly, quarterly, and yearly targets by 30%
- Co-led monthly inventory and asset management check-ins and floor plan strategy sessions, resulting in a 20% reduction in discrepancies and optimizing floor layouts for a 15% increase in sales efficiency.

Core Skills

Technical Tools & Platforms:

Wireshark, Snort, Burp Suite, SQL, Tableau, JIRA, Duo, VoiceThread, Office 365, Linux, Google Workspace, Outlook

Security & Networking:

Vulnerability Management, Penetration Testing, Security Policies, Encryption, Intrusion Detection Systems (Snort), Network Traffic Analysis, Information Security, Security Assessments, Root Cause Analysis

Cybersecurity Fundamentals:

Incident Response Planning, Risk Assessment, Digital Forensics, NIST Cybersecurity Framework, Security Research, Audit Reporting, Data Protection, Threat Intelligence

Soft & Transferable Skills:

Analytical Thinking, Detail-Oriented, Communication, Documentation, Client Support, Problem-Solving, Cross-Team Collaboration

Certificates

Data Analyst Certificate   Jun 2023
